Our Cabernet Sauvignon is full-bodied and dry with a unique elegance and well-balanced depth. It is lush and softly smoky on the palate with notes of lingering fruit, sweet licorice, and fresh vanilla.

## Harvest and Vinification Notes

The Cabernet grapes are hand-picked during the first two weeks of October. First they are pressed, then they undergo a crushing process for ten days in order to extract the colors, aromas, and tannins. The wine is aged in two different styles: for eight to ten months, half of the wine rests in steel tanks while the other half resides in French oak barrels. After this period of separation, they are blended together then bottled..
